Mattress Care

This exclusive Simmons product is built with a new single-sided design. This bed does not have to be flipped to maintain warranty protection. Your new Better Sleep single-sided design mattress will have a different type of finish on the bottom than the top.

THE FOLLOWING CARE INSTRUCTIONS CAN HELP PRESERVE WARRANTY RIGHTS:

DO:

- Do use a Simmons foundation or a supportive, rigid, non-yielding foundation. An old foundation unit may not provide sufficient support. It may appear that your mattress is sagging when the problem may be due to a non-supportive foundation.
- For queen, split queen, Olympic® queen, king and California king size sets, use a bed frame that supports head, foot and sides as well as a rigid center support (as noted above). For any queen or king frame that does not have a metal center support, you must use at least 5 hardwood (i.e., oak or ash) slats (1 x 4's). By not providing a sufficient supportive frame, damage can occur to the product and your warranty will be invalid.*
- Do use a quilted protector pad on your mattress at all times to avoid stains (including MoistureBan™ products).
- Do carton your mattress and carry it on its side when moving.

DO NOT:

- Do not remove the white law label or the model name label. These labels serve as a means of identification to establish your warranty rights.
- Do not bend or fold, stand or jump on product as damage can occur.
- Do not use cleaning fluids on your mattress; it may damage some of the materials.
- Do not smoke in bed or place product near open flame. This mattress is manufactured, as required by law, to resist ignition from lighted cigarettes but not open flame.**

* For all LivingRight™ Adjustable foundations, please see the LivingRight™ owner's assembly and operating manual for required support.

** If your mattress was manufactured for sale in California as of January 1, 2005, or is otherwise noted on the law label, it meets the requirements of California's Technical Bulletin 603.

HOW CAN I GET SERVICE ON MY WARRANTY?

Contact your original Simmons dealer. If your original Simmons dealer is no longer in business or you have moved outside the service area, please contact the Simmons Consumer Service Facility. Copy of original bill of sale is needed to determine original date of purchase. Model name label and law label must be attached to identify the bedding and validate this warranty.

WHAT IS COVERED?

If you purchased a Simmons mattress and use it with a proper foundation (see (i) and (ii) on following page), this warranty covers manufacturing defects in your Simmons mattress or foundation*. HOW LONG IS THE COVERAGE PERIOD?

The warranty coverage runs from the original date of purchase. Repair or replacement of the mattress or foundation does not extend its limited warranty or begin a new limited warranty period. Your warranty period is based on the code indicated on your white law label.
